

the community, upon the rights of any citizen, however humble he may be, in the exercise of his sovereign right of ballot, we deem it our duty to hold to the strictest accountability those entrusted with the execution of the laws, for the manner in which they have executed the trust committed to their keeping, and fulfilling this duty, we express our decided condemnation of the interposition of the Governor in the affairs of the city of Baltimore, before and on the day of the late election in said city, because, from the information and reasons which he has communicated to us, and from facts made apparent by the documents accompanying his message, it was, under the circumstances, ill-advised, reckless, unnecessary, and dangerous to the peace of the city ;
